

14 January 1963

MEMORANDUM FOR: Acting Chief, Administrative Staff, ORR

SUBJECT: Addition to Brochure on CIA Career Opportunities

REFERENCE: Brochure on "The Challenge and the Opportunity of a Professional Career with the Central Intelligence Agency"

In the general section of the brochure on "The Specialist Program", I would urge the addition of the following statement on the geographic research field:

THE GEOGRAPHIC RESEARCH FIELD

Disciplines: Geography
Cartography
Area Studies

Description: Research, analysis, and preparation of reports and maps concerned primarily with environmental characteristics of foreign areas. Factors pertinent to political, military, and economic activities are studied in the course of individual problem-oriented projects.
